Sub-Concepts Covered: Helpfulness, Gratitude, Compassion, Empathy & Kindness

Kindness in the Classroom lessons teach kindness skills through a step-by-step framework of Inspire, Empower, Act, Reflect and Share. Each lesson starts with the ‘share’ step to reinforce learning from previous lessons. The ‘act’ piece is woven into the lessons but really takes place in the projects.

The Caring Unit is our second unit in this six-unit year. The focus in our Caring Unit is on exploring how to be caring in a variety of contexts. Caring allows us to show respect to ourselves and others through kind actions and words. The lessons focus on caring through helpfulness, gratitude, empathy, and compassion.

Unit Objective

Students will:

- Define key kindness terms, including helpfulness, gratitude, and caring.
- Draw a connection between helpfulness and gratitude.
- Understand how empathy and compassion go together.
- Apply self-care thinking to their lives.

Student Introduction

Now that we understand how to respect ourselves, others, and our space, we are ready to move on to our next unit—Caring! This unit will focus on how to be caring and kind throughout our day, no matter where we are. This means we do our best to care for both ourselves and others. We also want to make sure we take time to be grateful for others that care for us! We will be learning about these key areas:

- Being caring and kind throughout our day!
- Being grateful for those around us!
- Looking for ways to be helpers!
- Showing kindness and compassion to others!

Caring isn’t as hard as it sounds—let’s learn how simple acts of kindness can show others we care each and every day!

| My Happy Place          | ● Create a personalized collage depicting images that inspire a feeling of happiness.  
                           | ● Practice using coping skills when circumstances cause negative feelings.           | □ Various sizes of cardboard  
                           |                                                                                  | □ Glue sticks  
                           |                                                                                  | □ Scissors for each child  
                           |                                                                                  | □ Magazines  
                           |                                                                                  | □ Basic Art Supplies  
                           |                                                                                  | □ Glitter (optional)  
                           |                                                                                  | □ Modge Podge (optional)  
                           |                                                                                  | □ Scrap paper of varying textures (optional)  
                           |                                                                                  | □ Recycled Items (optional)  
| **Lesson 2**            |                                                                                  |                                                                                     |
| Gratitude Chains        | ● Highlight grateful actions and words among their peers.                          | □ Multiple colors of construction paper, cut into long strips 2-3 inches wide        |
|                         | ● Demonstrate gratitude through verbal and written expression.                     | □ Glue sticks                                                                        |
|                         | ● Acknowledge helpfulness among peers by thanking them for their contributions.    |                                                                                     |
| **Lesson 3**            |                                                                                  |                                                                                     |
| A Bowl of Compassion    | ● Show compassion by brainstorming solutions for difficult scenarios.              | □ The Lady in the Box by Ann McGovern  
                           |                                                                                  | □ Scenario Cards (see Lesson)  
                           |                                                                                  | □ Bowl  
| **Lesson 4**            |                                                                                  |                                                                                     |
| Graphing with Empathy   | ● Demonstrate an understanding of basic emotion words.                             | □ 1 set of emotion cards for each student  
                           |                                                                                  | □ Blank graph  
|                         | ● Interpret emotions others may be feeling and analyze their potential role in creating those emotions. |                                                                                     |

| It’s OK to Feel...      | This Interactive Bulletin Board highlights the phrase It’s okay to feel __________. I’ve felt that way too. Select different emotions and have students work collaboratively to create visuals to accompany the emotions. To help with this project, select a 4th or 5th grade class to pair up with each 1st grade student. | □ Basic art supplies  
                           |                                                                                  | □ Poster board  
                           |                                                                                  | □ Color paper  
                           |                                                                                  | □ Scissors, tape, etc.  
                           |                                                                                  | □ Yarn  
                           |                                                                                  | □ Paint  
| **Project 2**           | Each student will focus on random acts of helpfulness for a randomly chosen peer throughout a full school week. The catch is to not get caught being helpful. It will take some thought on how to help others without being asked or ever being acknowledged. | □ Varied depending on act of kindness decided upon by students |
