

# Integrity

**Sub-Concepts Covered: Perseverance, Kindness**

Kindness in the Classroom lessons teach kindness skills through a step-by-step framework of Inspire, Empower, Act, Reflect and Share. Each lesson starts with the ‘share’ step to reinforce learning from previous lessons. The ‘act’ piece is woven into the lessons but really takes place in the projects.

This unit is the fourth of our six unit series.. This can be a very difficult concept for young children, so it is introduced very gently. We will also explore strategies on how to make honest choices and persevere through difficult times. This unit falls on the heels of respect, caring, and inclusiveness, so the students have an excellent foundation from which to build on. Exploring honesty and perseverance naturally promotes an additional level of kindness within your classroom.

## Unit Objective

Students will:

- Review respect, caring, inclusiveness, and kindness.
- Define honesty and perseverance.
- Practice using kindness and respect to develop honest actions in difficult situations.
- Work as a team to persevere.

## Student Introduction

We’ve made it to the Integrity Unit! This is an advanced word that connects back to honesty and always telling the truth, even when others aren’t around. We will also use honesty and perseverance to try our hardest, even when something seems too tough and we would rather give up! Let’s explore how honesty and perseverance can help us add even more kindness to our classroom!
